Two yearly cycle focusing on different faiths in the Autumn and Summer terms. During these focus weeks the classes will spend every afternoon completing set objectives on the given faiths. Summer term this year will be Islam.
RE Parent Survey – Parents involved in prayer life	Parent Voice were happy with how parents are involved in prayer life at the school. These include: Wednesday Word being sent home, regular invitations to celebrate whole school Mass, invitations to class assemblies and updates in the weekly newsletter.
Residential	Parents were happy with the residentials that the school offers and the variety of experiences provided for the children. London trip for year 4 this year was a great success. Parent Voice were also happy with the plan for next year, however perhaps we could include the number of adults accompanying the children on the letter. Year 4 parent also suggested posting more pictures on social media as opposed to videos.
Matters Arising	Parking considerably – a discussion was had regarding a meeting held by local residents. It was agreed at Parent Voice that we will start a new parent patrol in the mornings and afternoons to make sure everyone is parking safely along the Avenue. A sperate letter to be sent out. Parent Voice to let other parents know about the RE parent survey to complete when we are next inspected.
